An abode of infinite knowledge...

INTRODUCTION

Education is a powerful agent for all round development of an individual through which social transformation is achieved. A balanced development of mind and body in harmony with the spirit is the key to the enrichment of human personality and also the key to true education. Gandhiji had a similar view on education:

'Unless the development of mind and body goes hand in hand with the corresponding awakening of the soul, the former alone would prove to be a poor lopsided affair.'

Our children therefore must from their infancy be taught the dignity of labour. Thus, the true meaning of education is harmonious development of head, heart and hand, i.e. enlightenment of mind, compassion and dignity of labour.

Mrs. Nirmala Madaan
Vice President

SHRI RAMESHWARNATH MEMORIAL EDUCATION AND WELFARE SOCIETY

It is with the aim of imparting value based real education that suit the children of the period, SHRI RAMESHWARNATH MEMORIAL EDUCATION AND WELFARE SOCIETY was formed on 12/09/2006 Registered under Madhya Pradesh Society Registration Act, 1973.

The main objectives of the society are:

- ◆ To provide education as per the syllabi prescribed under national education policy.
- ◆ To develop the child physically, mentally, socially and culturally.
- ◆ To instill human values and noble virtues in the child.
- ◆ To inspire the child towards human religion and world brotherhood, by imbibing national and emotional unity.
- ◆ To cultivate ability in the child for independent thinking, self-reliance and learning.
- ◆ To make all efforts for the overall development of the child.

Our Mission

South Valley International School devotes itself to educate the young minds to become master minds by:

1. Fostering strong belief in God and a sense of gratitude towards him.
2. Encouraging our students to aim higher and achieve his/her goals in the best possible way.
3. Igniting the fire of curiosity in young mind and inspiring them to scale greater heights of success as embodied in the school emblem.

Our Vision

The morals of modern education has reached at such a stage that we, as true citizens of the nation must be prepared to downsize every competition that our future is expected to face. We cannot hide ourselves from the wind of civilization and we cannot avoid ourselves from the future. The future of our society and nation is in the hands of these little boys and girls. We must encourage others and ourselves and gather our hands in shaping the future of these little babies of the nation. A person strongly upholding ethical and moral values, creative and critical thinker, understands the dignity of labour, cares for the creations of God, special concern for the downtrodden and always ready to sacrifice everything for the safety and prosperity of Mother India, is the "Teacher". The teacher is a Mentor and also plays a role of Pathfinder. Students must respect their teachers and vice versa.

Our Advisory Board

South Valley International School is headed by the skillful expertise of our esteemed panel of board members and advisors to foster academic excellence in a progressive school environment. Mr. Anil Madaan the chairman of the school, Mrs. Ravinder Kaur Kalsi (National Awardee for her excellent service as a Principal), Mrs. Manju Vyas (President Awardee), Mrs. Jayshree Tanwar (Principal, Sagar Public School, Bhopal), Mr. R.P. Naithani (Principal, S.B.S.S.S., Indore) and Mr. A.K. Chaturvedi (Principal, D.P.S., Nagpur) are the members of the advisory board.

From the Chairman's Desk

Jai Bharat !

The winds of globalization and socio technological advancements of 21st century is day by day providing threat to mankind by curtailing and amending the values and virtues that past gurus have imbibed in us. The aggressive rush for materialistic self-fulfillment and competitiveness is redefining our socio cultural ethics and undermining the true self of all beings.

Hence at this critical juncture the need has been arisen to negate the undesirable impacts of these changes and imbibe the desirable and expected virtues by providing the life oriented skills and value-oriented atmosphere. South Valley International School believes in rendering such education that will bring out the true Indian. Our school works as mini society in itself. It works in a democratic manner so that we can develop democratic qualities in a child. We provide equal opportunity to each and every section of society belonging to different economical, social and cultural backgrounds. To conclude all I would like to say is that your child was a gift from god to you, now let us together make the child worthy & this will be our best gift to god.

With warm regards

Straight from the Heart

Jai Bharat

South Valley International School is one of the best school of the world providing the students each and every ultra modern facility for the over all development of the personality.

I firmly believe that teaching methods must be dynamic, challenging and in accordance with the learners comprehension and stages of development. The method of teaching here aims at linking learning with life.

I focus more on providing an encouraging atmosphere of study so that I can prevent education from becoming too bookish, mechanical, stereotyped and rigidly uniform that does not cater to different needs of the pupils with different aptitude and intelligence. School also takes utmost care to keep intact the values and sanskar's given to us by our great heritage.

As we believe that man without values and sanskar's is of no use. We train and nurture the students in such a way so that they can arrive at the point of self realization and can understand their true self. So that they can become truthful, honest and loyal towards themselves and society. The children at SVIS are groomed in such a manner that they can become an excellent human being and ultimately can serve their purpose of being in this world. Our students are perfect amalgamation of tradition and modernity.

With warm regards

Parental Role

We recognize parents as the primary educators of their child(ren). Therefore, the education of your child (ren) is a shared responsibility and one which requires a supportive and co-operative relationship between the home and the school. This is the primary ingredient needed for a successful schooling experience and we look forward to your active involvement. Parents' interest, encouragement and willingness to monitor and assist with their child's home work, provides great incentives to the students. Parents play a critical role in helping their child (ren) to develop good study habits and become independent learners.

Responsibility of the students

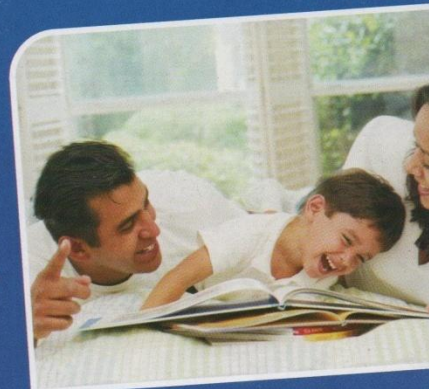

- Obey the law, policies and administrative procedures laid down by the school.
- Respect the dignity of all persons.
- Respect the property of other students.
- Respect school property and carefully use without making any damage.
- Be in time for all classes.
- Come to the class with necessary books and materials.
- Complete all the class work and home work assignments in time.
- Carry and use an agenda.
- See to it that school information reaches home.
- Volunteer information and co-operate with teachers and administration in disciplinary matters.
- Report when late or when leaving the school outside for regular dismissal times.

Visitors to the school

Parents and other visitors are welcomed at South Valley International School and are requested to report to the School office upon arrival. This procedure enables us to minimize disruptions to the instructional programs and to ensure a degree of safety for our students. We value good communication, but this is best done when all parties concerned including teachers are free from their academic responsibilities.

« A happy childhood is one of the best gifts that parents have it in their powers to bestow. »

Few Guidelines to the Parents

You have handed over to us the apple of your eye. We assure to give him/her the love and care so that he/she feels as if at home and his/her childhood gets all round development. Our efforts can be rewarded only with your co-operation. We, therefore request you to help us on the following points.

Punctuality is the soul of discipline. Please inculcate the habit in your child to be punctual.

Please send your child to the school in proper uniform. Neatness sets the tone of school. The Uniform must be clean. Nails and hair should be properly cut and dressed.

In order to acquire fluency in English please encourage the child to speak in English at home too.

Please go through your child's diary regularly and follow the instructions.

The students will not be allowed to leave the premises once they enter the school until school hours are over. Half day leave will not be granted.

In order to inculcate good eating habits towards balanced diet, stress is laid on nutritious food. Please, therefore, prepare the lunch box of your child keeping in mind this aspect.

Healthy mind lies in a healthy body with a cheerful disposition and a compassionate heart. Please take interest in your child's academic, social and cultural development to make him/her blossom fully into a multifaceted personality.

The rules and regulations mentioned in the prospectus, School Diary and Report Card can be altered without any prior notice in the interest and for the smooth functioning of the school.
